

Become a Global Talent: Study in English in Finland

What do you want to study?

Choose from 10 Universities of Applied Sciences (UAS) around Finland. Over 40 degree programmes at Bachelor and Master's levels in different study fields:

- Beauty and Cosmetics
- Business and Administration
- Culture and Arts
- Health Care and Social Services
- Natural Resources
- Seafaring
- Sports
- Technology (Engineering and IT)
- Tourism and Hospitality

Application process

1. Choose the right programme for you.
2. Check the selection criteria and methods for the programmes you are interested in.
3. Apply online at www.studyinfo.fi from 7 to 20 January 2021. The online application closes on 20 January at 3.00 pm Finnish time (GMT +2). You can apply up to 6 study programmes with the same joint application form.
4. Take the online entrance examination in February-March 2021. See the FINNIPS website for programme-specific information on the exams.

Tuition fees and scholarships

Citizens of the European Union (EU) or the European Economic Area (EEA) countries are not required to pay tuition fees in Finland.

Students coming from outside the EU/EEA are liable to pay tuition fees in English-taught Bachelor's and Master's Degree Programmes.

Scholarships are available for fee-paying students. The level of tuition fees and the scholarship criteria differ from institution to institution. You can find information on the fees and scholarships at the FINNIPS website: www.finnips.fi

Bachelor's Degree Programmes

To apply for Bachelor's Degree Programmes, the general requirement is to have an upper secondary level education diploma or qualification that gives eligibility for higher education in the awarding country. You can also apply with your previous higher education degree (Bachelor or Master's level).
